WAGLE ESTATE, THANE

WELCOME
TO THE

CODE OF MODERN LIVING

Cities don't change loudly. They shift quietly.
That is at that moment.

A new generation of professionals is rewriting how
the city lives and works. Offices have already arrived.
Infrastructure is accelerating. The residential layer is
now stepping in.

At the centre of this shift stands Dosti 604.

Not as just another tower.

But as a landmark inside a commercial engine.

Crafted for those who move with intent.

Built for those who measure life in time, not distance.

Bold architecture. Intelligent planning.

Urban design that reflects how people live today.

Dosti 604 is not just an address. It is a statement
of timing.

MR. DEEPAK GORADIA

Chairman & Managing Director,
Dosti Realty Ltd.

"Over the years, Dosti Realty has witnessed and actively shaped the evolution of residential development across Mumbai, Thane & Pune. Each phase of growth has reinforced our belief that enduring landmarks emerge at the intersection of vision, location, and long-term relevance.

Wagle Estate is undergoing one of Thane's most defining transformations – from an industrial hub to a thriving residential and business corridor. As the city evolves, thoughtfully planned homes become essential to creating a balanced urban life. It is in this context that we introduce Dosti 604 – a residential landmark designed for a more connected and elevated lifestyle.

Strategically located with seamless access to business hubs, upcoming metro connectivity, and a well-established social ecosystem, the project also offers rare panoramic views of the Sanjay Gandhi National Park. This blend of accessibility, nature, and intelligent planning enhances everyday living while supporting long-term well-being.

At Dosti Realty, we believe homes must go beyond architecture; they must quietly enrich everyday living and stand the test of time. Dosti 604 is our commitment to creating a future-ready address that residents can take pride in, today and for years to come."
